Before Justice Pitillity.—This Justice had several State cases before him
for examination on Saturday, viz:
Four boys, named John Tallet, James
Corcoran, James Burk and Joseph Miller,
were arraigned for the larceny of a number of brass checks at the Central Glass
Works. The checks are given by the
Glass Company to their employes to represent the amount of work done by them,
and are cashed at the office of the company every pay day. It was clearly shown
that some eighty checks had been prehat some eighty checks had been pre-sented at the office in excess of the num-ber given out, but as the evidence against the boys was simply circumstantial, they were discharged.

SATURDAY'S MILITARY DISPLAY,-The weather clerk could not have furnished a more suitable day for the military parade of Saturday, the weather being unusually more suitable day to the weather being unusually bright and pleasant for the season, and the streets dry and in good condition for pedestrianting. Large crowds of ladies and children congregated upon the streets to witness the parade, and together with the usual bustle and activity of a busy Saturday among the retail merchants, combined to make an animated scene. The military formed at the Capitol building and headed by the Wheeling City Band marched through the principal stree's of the city. There were perhaps one hundred and fifty men and boys in line, made up of the Mathews Light Guards, the Goff Guards, the Schmulbach Zouwes and the Lindsley Institute Cadeta. The first-named company also had an artillery detachment, with a gatling gun, in command of Third Lieutenant Dickey. The display was creditable, the boys looking well and marching finely.

day night there was more than the usual exhibition of disorder. Several gangs of exhibition of disorder. Several gangs of drunken roughs occupied the street near the passenger station and the bridge toll house, making night hideous with their protanity and vulgarity. One fellow was particularly abusive in his language toward the toll collector. This is a condition of things that has become chronic in Bridgeport, and we are told that nothing worthy the name of an effort is made to suppress the disorder. If we are rightly informed, Saturday night was only an aggravated outburst of that which is too common for the good reputation of the town. People ask the question; What degree of protection are we to expect from our police? Have we any police officers who are bound in any way to take cognizance of these night disturbers, or do their protective duties and their authority to make arrests end with the going down of the sun? drunken roughs occupied the street near

A GENTLE HINT.—In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept aboutyour home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial 10c; regular size, 75c eod&w
